Deloitte Best Company to work for Survey 2010

Britehouse Specialist SAP Division was ranked as the 4th Best Company To Work For in the Small Company Category in the Deloitte Annual Survey. The Company was also rated 3rd Best in IT in South Africa.

The Shareholders, Management and Staff of Britehouse are very proud to have achieved this rating, a phenomenal improvement from 9th place in 2009!

Following the 2009 results, Britehouse Management reviewed the results in detail and put a long-term and sustainable plan in place to address the shortcomings identified. The Company recruited a dedicated Talent Manager to refine the Performance Management processes and structures, and addressed key areas such as communication, skills development and innovation.

As a result of these activities, the Company and its staff were able to get some short term benefits, but we are continuing on the longer journey to ensure the Company achieves excellence in all areas. Britehouse' strategy has always been, and continues to be, to attract and retain experienced individuals with the knowledge and the passion to deliver great value to our customers. At Britehouse we allow people to show their true potential by embarking on challenging projects and trusting them to deliver to customer expectations. Our staff has embraced this approach and have really excelled in achieving Personal, Company and Customer goals.

Thank you to all staff at Britehouse Specialist SAP Division for sharing a vision of excellence and delivering on our commitments to our clients. You are what makes our company successful!
